KPR COMMISSIONED A LARGEST GARMENT PRODUCING CAPACITY

KPR takes pleasure to announce the commissioning of its large Green field Garment manufacturing facility with a capacity to produce **36 million Garments** per annum under one roof. Now KPR is one of the largest Garment Manufacturers in India. Ramping up of the capacity will take place during the current financial year. New Clients and new Markets are added. Order book position, response from existing and prospective clients is promising.

Backed up by enthusiastic market condition, increased Garment capacity, strategic move towards more value added yarn, KPR, a vertically integrated Textile company with unique strengths is entering into its next phase of growth.
